

WORKING ON THE ISSUES THAT REALLY MATTER

3

Working together, we've made sure the Government is not pushing for any more new towns for South Cambridgeshire and will not support the Thakeham development.

2

With A14 and A428 improvements delivered or underway, we've secured a commitment to assess upgrades to the Gilton interchange. Let's now push for a railway to Haverhill.

6

Through substantial lobbying, including bringing the Farming Minister to South Cambs as part of my Farming Forum, we've secured tough new deterrents against hare coursing.

5

Campaning alongside other Cambridgeshire MPs, we have secured a rise in per pupil funding for every child in South Cambridgeshire.

1

We've announced legislation to combat sewage discharge, launched investigations after the toxic water scandal, and have campaigned to protect our valuable chalk streams.

4

Join our campaign to deliver two new specialist hospitals for children and cancer patients. You can sign up with the details on the other side of this leaflet.

MAKING A DIFFERENCE IN SOUTH CAMBS

- ✓ Delivering millions of pounds for improved roads and new hospitals
- ✓ Protecting our waterways from sewage and overdevelopment
- ✓ Fighting for the transport solutions we really need

INSIDE:
Find out what Anthony is doing to champion and protect South Cambs

FROM **ANTHONY BROWNE**
MEMBER OF PARLIAMENT FOR **SOUTH CAMBRIDGESHIRE**

JOIN OUR CAMPAIGN FOR NEW SPECIALIST HOSPITALS FOR OUR CHILDREN AND CANCER PATIENTS

Our area leads the world in healthcare and life sciences, but there is even more we can do. Plans are progressing to build two new specialist hospitals; Cambridge Children's Hospital and Cambridge Cancer Research Hospital.

They will bring together clinical care and research to develop new, innovative treatments for childhood conditions and cancer. You can register your support for my campaign to deliver two new hospitals, go to my website or scan the QR code opposite.

Go to go.backourcampaign.co.uk/cambridge-childrens-hospital

Dear Resident,
The last two and half years since my election as your MP have brought huge and unexpected global challenges. South Cambs has responded magnificently. Covid-19 has profoundly impacted almost every aspect of our lives, but our communities pulled together to get through it. From the volunteers who delivered shopping and medicines to neighbours, to NHS and keyworkers and the local businesses who adapted to unprecedented circumstances, everyone did their bit. Our world-class scientists played a critical role in developing vaccines and decoding the genes of millions of Covid-19 samples from around the world. Then in February of this year, we watched in horror as Putin's forces invaded Ukraine, unleashing untold horrors on its people. The resulting refugee crisis was - and continues to be - heartbreaking. Again South Cambs rose to the challenge. Our communities opened their homes to refugees in record numbers. My team and I have helped many of these families to get to the UK safely and I am looking forward to meeting them over the summer. We continue to face many local challenges too. Mass housebuilding is putting strain on our infrastructure and water resources so I'm pushing to slow the pace of development. I'm working with a truly integrated network, Partnership. And I'm helping to deliver new laws to stop pollution in our precious rivers and chalk streams. You can read more here about my work on these issues and others.

We are living through extraordinary times together. It is a great MP honour to serve this incredible constituency' - Anthony Browne

WE'RE MAKING PROGRESS

PROTECTING OUR ENVIRONMENT FOR FUTURE GENERATIONS

We must protect South Cambridgeshire's natural heritage. Our beautiful green spaces are under threat from transport projects, and our valuable water supplies drained by massive overdevelopment. That's why we've:

- ✔ Created and announced a new law to take the strongest possible measures to end sewage discharge.
- ✔ Delivered two ongoing investigations into reports of water toxicity in Stapleford and the Shelfords.
- ✔ Ensured the creation of the Chalk Streams Task Force and the redesignation of Cambridgeshire as a "water stressed" area.

TRANSPORT PLANS THAT WORK FOR SOUTH CAMBRIGESHIRE

Our transport system has not kept pace with our growth, but current plans do not stand up to scrutiny. I support upgrading existing routes in the constituency, improving public transport, and promoting active travel schemes. That's why we've:

- ✔ Delivered funding for improvements to the A428, including the junction at Caxton Gibbet.
- ✔ Secured funding for Cambridge South Station, and championed new stations at Sawston and Harston, and reopening the Cambridge to Haverhill Line.
- ✔ Worked with campaigners and parish councils to promote a more environmentally friendly route for the busway project.

SUSTAINABLE HOUSEBUILDING FOR OUR CONSTITUENCY

We must not concrete over South Cambridgeshire. South Cambridgeshire is a net contributor to the UK economy, and that comes with growth, but development must be sustainable and acceptable to our communities. That's why we've:

- ✔ Opposed Lib-Dem plans for 49,000 new houses and flats for Cambridge and South Cambridgeshire.
- ✔ Continued our work in defeating the 'New Town' proposal in 2020, which was scrapped after my campaign.
- ✔ Ensured the OxCam Arc project was ditched, and that it does not provide housebuilders with a charter for development in our area.

Delivering Our Plan for South Cambridgeshire

ACCESS TO SPECIALIST HEALTHCARE AT ADDENBROOKES

We're all truly proud of our local healthcare providers and workers. Over the last two years, they have worked hard and sacrificed so much for us all. They deserve all of our support and our community deserves the facilities to match. That's why we've:

- ✔ Secured £100 million for Cambridgeshire Children's Hospital.
- ✔ Met with the Secretary of State and called on the Prime Minister to back a pay rise for local NHS Staff.
- ✔ Ensured our thriving life science sector has a direct link to ministers and policy makers through my new Forum.

FIGHTING FOR FAIRER EDUCATION FUNDING

Our children are the future and they deserve the best, but more needs to be done to level up education and support schools across South Cambridgeshire. That's why we've:

- ✔ Worked with other MPs to deliver an increase in funds for every school in the constituency.
- ✔ Brought the Schools Minister to Duxford Primary to highlight our case for fairer funding.
- ✔ Launched a Headteacher's Forum during the pandemic, and visited dozens of schools since to hear from educators and local children.

SUPPORTING SOUTH CAMBS AS A FARMING COMMUNITY

At heart, South Cambridgeshire is a farming community. Our farmers are working so hard to keep our country fed, but face many challenges from bureaucracy, trade, and rural crime. Let's all champion our farmers, ensuring they have the certainty and support they need. That's why we've:

- ✔ Delivered tough new deterrents for hare coursers, and ensured farmers aren't undermined by trade deals.
- ✔ Ensured direct local access to policy makers, working with the NFU and CLA in building my farmers forum.
- ✔ Campaigned to ensure that opportunities arising from trade deals promote and protect the interests of British farming.
